Mindy Kittay,
Library Director
Altadena Library District
600 East Mariposa St.
Altadena, CA 91001

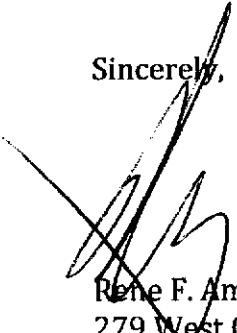

Dear Ms. Kittay,

Pursuant to the directions on your agency's website, with this letter and attached materials, I apply for the open position on the governing board of the Altadena Library District. Attached please find my C.V., and a completed Supplemental Questionnaire.

I believe that my education, business, and legal backgrounds qualify me for the position. More than that, I believe that my lifelong love of learning, and early adoption of the technologies now ubiquitous in our world have given me a sense of not only what is possible for public libraries, but what will be necessary for them to survive and remain relevant in the future. Additionally, as a vocal advocate for improving public education, I have spent years active in issues of concern to the Altadena community, including improving overall literacy.

I look forward to meeting with the governing board on January 10, 2017, to answer whatever questions its members might have of me.

Sincerely,

Rene F. Amy

Ms. Mindy Kittay
Altadena Library District Director
600 E. Mariposa Street
Altadena, CA 91001

Dear Ms. Kittay:

I am writing to express my interest in filling the position of Altadena Library District Trustee, recently vacated by Trustee Meredith McKenzie. I am eager to serve in the Altadena community and believe I have much to offer that could benefit the library and its efforts.

For the past eight years, I have represented Los Angeles County's community clinics and health centers as Director of Government & External Affairs for the Community Clinic Association of Los Angeles County (CCALAC). I represent 59 non-profit community clinics through advocacy to local, state and federal elected officials; collaboration with local health plans and LA County Departments of Health Services, Mental Health and Public Health; and consultation with funders who are developing grant opportunities that best assist clinics with their mission – providing quality health care to everyone regardless of their ability to pay.

In particular, I have significant experience not only in meeting with electeds, but in developing large-scale advocacy events and messaging that furthers the policy goals impacting clinics and the communities they serve. In reaching policy agreements, I am experienced in working with coalitions to develop innovative strategies that help to achieve common goals. Some of this work includes working with LA County to transition over 300,000 residents into California's Medicaid program as part of the Affordable Care Act, creation of LA County's first ever capitated health access program (My Health LA) and, more recently, working with the LA County Department of Mental Health for the first ever program to fund mental health services for indigent clinic patients.

I believe I can bring this experience to improve my own community and neighbors. I believe that the Altadena Library District is an amazing opportunity to implement innovative programming that can strengthen communities and bring them closer together to support one another. Attached are my resume and the supplemental questionnaire (with attachment). Thank you in advance for your consideration and I look forward to further discussing my qualifications.

Best,

Cynthia Carmona, MPA

EXPERIENCE

Community Clinic Association of Los Angeles County (CCALAC)

July 2011-Present

Director, Government & External Affairs

In 2011, CCALAC restructured and the Government & External Affairs Division reinforced its focus on the successful implementation of federal health reform, defending clinic programs against additional cuts and enhancing clinic visibility.

To meet these objectives, the Director's duties include:

- Direct the development of CCALAC's government and public relations and advocacy program;
- Collaborate with the President & CEO and Membership on overall organization strategy and direction;
- Establish and maintain effective relationships with Members, electeds, government entities, funders and others;
- Oversee the coordination of events that raise CCALAC's visibility and advance CCALAC's mission;
- Identify and strategically address policy issues impacting Member clinics and the safety net;
- Oversee the development and implementation of a communications strategy to support CCALAC, and
- Oversee the data and information needs of CCALAC in collaboration with CCALAC's division directors.
- Oversee grantseeking and grant reporting for division, as well as division budget

Community Clinic Association of Los Angeles County (CCALAC)

April 2008-June 2011

Policy Specialist, Governmental Affairs

CCALAC represents 59 members that operate more than 300 clinics throughout Los Angeles County. The clinics serve nearly 1.4 million uninsured or underinsured patients every year. Member clinics provide quality health care through medical, dental, pharmacy and mental health services. Duties included:

- Conduct policy analysis on programs and proposals affecting clinics, recommending courses of action;
- Interact with the public, legislative staff, stakeholders and partners on issues affecting clinics;
- Develop and coordinate policy events and grassroots advocacy activities;
- Collaborate with coalitions and other partners on issues impacting clinics and public programs;
- Respond to member requests on policy issues and provide policy support at events and meetings;
- Coordinate member clinics' participation in the development of policy proposals and advocacy activities, and
- Supervise interns and Advocacy Coordinator to further CCALAC's policy and advocacy goals.

California Managed Risk Medical Insurance Board (MRMIB)

March 2007-April 2008

Legislative Analyst, Office of Legislation, External Affairs, and Health Policy

MRMIB formerly oversaw the Healthy Families Program (HFP), the Access for Infants and Mothers Program (AIM), and the Major Risk Medical Insurance Program (MRMIP), providing health insurance for low income pregnant women, children, and those who have been unable to obtain coverage in the individual market. Programs are now overseen by the California Department of Health Care Services (DHCS). Duties are as follows:

- Monitor and analyze federal legislation affecting the State Children's Health Insurance Program (SCHIP);
- Present to the Board and external groups on SCHIP legislation;
- Track and analyze state legislation; consult various divisions to determine impact on programs;
- Interact with the public, legislative staff, and stakeholders on matters of concern to MRMIB;
- Act as the MRMIB's media contact in the absence of the Deputy Director;
- Participate in analysis and meetings related to current health care reform proposals; and
- Assist the Executive Director with special projects regarding SCHIP, health reform, and budget matters.

What is the role of the library in the community?

Libraries play critical roles for the community in a variety of ways.

Educational: One of the most basic functions that a library performs is the promotion of literacy. All community members benefit through free access so no child or adult is excluded from this due to their income. Libraries also promote lifelong learning, allowing individuals to benefit from reading and research on any number of topics throughout their lives. Libraries provide computer and internet access, which offer even more opportunities to learn and grow.

Social: Libraries create a safe space for individuals dealing with other community stressors. Libraries often provide social programming, which strengthens communities, enabling them to be healthier and prosperous. I know that the Altadena Library provides book clubs, Santa Claus visits, movie nights, guest speakers and classes, music events and much more. All of this contributes to a vibrant community of neighbors that know and can support one another.

Health: I would take it one step further and argue that libraries are, and will continue to increasingly become, important to the health of our communities. I work in health policy and the health world is abuzz with the term "social determinants of health." This concept suggests that more investment must be made in other things that factor into health outcomes like homelessness, foster youth, pollution, healthy food options, and more. This will require health stakeholders to become more involved in places that have not traditionally meant "health" to people. Libraries are optimal places for the collocation of services. I know some already offer opportunities for signing up for government programs, job search assistance, health education and more. All of these things fall under the social determinant umbrella and have the potential to have an even greater impact on improving the overall health of populations. Many of the clinics I represent already recognize this and partner with community organizations to create "reading corners" in clinic waiting rooms or programs that offer a book to every child that comes in to see the doctor.

So, as you can see, I believe that while libraries already create tremendous value for communities in a number of ways, the sky is the limit for what more can be done in today's libraries, given sufficient resources.

Please describe any Board or Commission experience you have had.

While I have not yet served on any Board or Commissions myself, my career requires that I often present to boards and commissions as a part of my work. I have presented to the boards of numerous community clinics and health centers on topics such as the Affordable Care Act and other topics concerning health policy and the political landscape affecting Los Angeles County. I have also presented to the Los Angeles Mental Health Commission and the Los Angeles HIV Commission. I was invited to join the Los Angeles HIV Commission but had to decline due to previously committing to a long-term leadership seminar program that would have conflicted with commission activities.

I have served on many panels, including those with a statewide audience. I would also note that I am a graduate of the Clinic Leadership Institute (CLI), which is sponsored by the Blue Shield of California Foundation and UCSF. The program selects approximately 28-30 individuals from the clinic community around the state to participate in this prestigious program. During the 18-month leadership seminar, I participated in intensive sessions on finance, operations, project management and more.

I do participate in a number of groups in my role representing community clinics and health centers including the Insure the Uninsured Project's (ITUP) Leadership Council, Los Angeles School Health Centers Association Steering Committee, California Oral Health Advisory Council (OHAC) Steering Committee, Help Me Grow – LA Leadership Council (run by First 5 LA), and recently, the California Campaign to Counter Childhood Adversity (4CA).

This position involves advocacy and representing the Board in a variety of venues such as meetings with State and Federal Representatives and Senators, Town Council, etc. Do you have any experience in a role like this? Are you comfortable giving a presentation in front of a group?

I have considerable experience advocating to State, Federal and County electeds, especially in my current role representing Los Angeles County's community clinics and health centers. In my role, I oversee the logistics, scheduling, messaging and member education for our federal lobby week that takes place in concert with the National Association of Community Health Centers' (NACHC) Policy and Issues Forum in Washington DC. This requires coordinating meetings with 16 congressional offices over three days. I coordinate logistics for approximately 60 attendees from LA County every year, including the development of talking points and messaging. I am the proud recipient of the NACHC Betsy K. Cooke Grassroots MVP Award, which I accepted at the Spring 2012 Washington DC meeting.

Every April, I do the same for our annual state lobby day, coordinating visits with 38 legislative offices in one day. I occasionally comment in support of legislation at legislative hearings in Sacramento. Over the course of the rest of the year, my role requires that I maintain relationships with these offices and be present at events where electeds are in attendance. I frequently comment at meetings of the Los Angeles County Board of Supervisors on behalf of the clinics I represent and I coordinate quarterly meetings between my member clinics and each office of the Board of Supervisors.

Part of my role also includes a quarterly breakfast event called CCALAC's Policy Café. I direct this event that brings important speakers in front of our members and partners. Guests have included Director of CA Department of Health Care Services Jennifer Kent; Assembly Member Matt Dababneh; LA County Supervisors Yaroslavsky, Keuhl, Solis, Ridley-Thomas, Molina and Congressman Xavier Becerra. Our next event on October 7th will feature Senator Ed Hernandez and Professor David Hayes-Bautista of UCLA in a discussion about the future of the health care workforce. We are also in the planning stages for events that will focus on federal funding for health centers and the community clinic's role in addressing gun violence and trauma.

I have also done interviews and been quoted in the media (e.g. 89.3 KPCC, LA Daily News).

I welcome your invitation to apply to serve on the board of the Altadena Library District. As a Rotarian for the past twenty-three years, I have provided international service in developing countries on five continents. While I have had to step back from that avenue of service, my desire to serve has not lessened. Rotary also encourages community service of the type that the Altadena Library is seeking.

Sir Francis Bacon tells us that knowledge is power. That power is greatest and most effective when knowledge is catalogued and disseminated throughout the community. My life and profession bear witness to that. Libraries have sustained me.

Re: Open Board Position

Dear Board Members:

It is with pride and positive vision that I submit my name for consideration for the Altadena Library Board of Trustees position. As an Altadena neighbor for 4 years, and mother of two young children, I have a particular investment in supporting the Library within the community. I would like to take that investment with me as a member of the Board.

In my position at the Academy for Professional Excellence, a program of the School of Social Work at San Diego State University, I create and present workshops across Southern California to child welfare social workers and administrators to assist them as they work to protect our children. Though all ages value library services, programs that give attention to children's education, creativity, and love of reading is the best way to support life-long learning.

Additionally, in my previous work I have had to advocate in front of the Nevada State Legislature and County Board of Supervisors to lobby for funds for services to protect children as well as had to regularly speak in court on behalf of at risk children. I would be honored to represent and advocate for Altadena Libraries.

Apart from my own experience of using libraries, and introducing my daughter and son to the Altadena Library as they are growing, I have also volunteered in my daughter's school library. My commitment is generational as my Mother is a librarian.

As you go through the important process of inviting a new Board member, I welcome the opportunity to meet face-to-face. I know that we will continue to value and use the library, both as adults and as parents teaching our children to use the services and programs.

Sincerely,

Amoreena "Amy" Jaffe

7. In your opinion, what is the role of the library in the community?

The role of the library is vast and can touch all spectrums of a community. From assisting the individual with personal and professional development, to increasing literacy for all members of the community, to being a safe and welcoming space for those who are vulnerable, and being a center for cultural and civic engagement, libraries have often been seen as enhancing overall quality of life in the community.

9. This position involves advocacy and representing the Board in a variety of venues such as meetings with State and Federal Representatives and Senators, Town Council, etc. Do you have any experience in a role like this? Are you comfortable giving a presentation in front of a group?

I have had to regularly present in court, in front of the Clark County Board of Commissioners, and the State Legislature in Nevada. I also regularly convene and facilitate large learning collaborative of child welfare social work administrators from Southern California.

Dear Reader:

I'm pleased to submit myself as a candidate for the open board seat on the Altadena Library District board. I'm a college professor and long-time resident of Altadena who is familiar with board service, libraries, and the Altadena community. I'm looking for an opportunity to be more involved in our community and believe this board seat might be just the right fit.

Like many people my age, I began my public library experiences in a world of card catalogs and Dewey decimals. Unlike some my age, I remain current with changes in library technology and function because of my regular work in my profession as a college educator. In my various campus roles I work with our librarians directly at least two days a week in a variety of settings. I participated in discussions about our library facilities during a major remodel, partnered with librarians to teach multiple courses, work with librarians on campus-wide information literacy initiatives, and serve with librarians and library staff on a variety of governance committees across campus.

Before all this, one of my first real jobs was working in a library – specifically the medical library at the University of Colorado. I developed a strong understanding of the back-end side of libraries in that position, along with its many functions well beyond the circulation of books. As a long-time debater and debate coach, I have also done my time as a library user and continue to teach my own students about library database searching and even manage a small literature library in our department area with about 2000 volumes.

I have some experience in Altadena community organizations like the historical society and Altadena Heritage. Through my academic service and work on the GMCLA board for 8 years I also understand the role and function of board membership and would not be a meddler in areas that are not my purview or give lots of uninformed opinions (both of which I have sadly observed). I would value and rely on the expertise of the professionals who run the library day-to-day. I am also a moderately knowledgeable parliamentarian and know how to comply with the Brown Act.

I do have one unfortunate challenge in applying for this position: I will be out of town for a long-planned vacation from January 10-16 and unable to be interviewed at your special 1/10 meeting. If you would happen to advance me to that step, I will be on a plane at 5pm that night and unable to attend or Skype in. If you would be willing to do a pre-interview with me or meet upon my return, I'd be grateful for the opportunity.

Thank you and I look forward to hearing from you!

9.

7. In your opinion, what is the role of the library in the community?

My first job in college was working in the campus library and I quickly realized its function was so much more than just providing reading materials and information – it was a community space constantly evolving to meet the unmet needs of our campus community. Public libraries today must provide a vast range of services – especially in a community as diverse as Altadena. Beyond providing access to books, magazines, and media, a library provides teaching and training, access to technology the Internet, a space for social and cultural gathering, and acts as a hub for civic and community activity. Our library is vital!

8. Please describe any Board or Commission experience you have had.

Mt. San Antonio College Academic Senate Executive Board (2008-2011, 2012-present)
American Readers' Theater Association, 2003-present (President)
Altadena Heritage, 2007-2009
Altadena Historical Society, 2006-2008
Gay Men's Chorus of Los Angeles, 2007-2016

9. This position involves advocacy and representing the Board in a variety of venues such as meetings with State and Federal Representatives and Senators, Town Council, etc. Do you have any experience in a role like this? Are you comfortable giving a presentation in front of a group?

I speak frequently to boards, government officials, and also to the media. As a 20-year communication faculty member at Mt. San Antonio College I teach persuasion and public speaking, among other courses. I won my first individual national collegiate championship in speech and debate in 1988 and went on to coach 10 college teams to national titles. I'm comfortable with ceremonial speaking duties, event hosting, press statements, teaching and training, hearings, and advocacy. I am also familiar with leading public meetings governed by the Brown Act and am knowledgeable about parliamentary procedure. I would be appreciative of the opportunity to use my skills to support the Library District.

Altadena Library Board of Trustees
c/o Library Director Mindy Kittay
600 E Mariposa Street
Altadena, CA 91001

Dear Library Director Mindy Kittay:

Please accept my application for the Altadena Library Board of Trustee vacancy. I'm willing to serve on the Board for the remainder of the 2017 term, as well as willing to run in the 2017 election for the 4-year term that expires in 2021.

As I mentioned in my previous application, I purchased a single-family home on Marathon Road in Altadena in March 2015 that I share with my wife and two sons. We are very familiar with Altadena because we lived in nearby Sierra Madre for six years. My wife Ana was formerly employed at the Sierra Madre Public library so I have familiarity with public library issues. My two sons attended both public and private schools and extensively benefited from public libraries.

I work for the California Department of Justice, Office of the Attorney General in downtown Los Angeles as a Supervising Deputy Attorney General. I earned my JD at the University of California, Hastings College of the Law in San Francisco, CA. Prior to law school, I worked as a Financial Analyst for a corporate division of the Walt Disney Company and I have advanced knowledge of budgets and finance as well as an undergraduate degree in Business.

I believe I would bring a unique perspective to the Board and I'm interested in helping to find solutions and work through its challenges. I believe our local library opens the door to a completely new way of understanding ideas.

Enclosed is a copy of my resume. I appreciate the opportunity to discuss my qualifications or answer any questions. I may be reached by telephone at 323.594.9090 or by email at axzambrano@gmail.com. Thank you for your consideration.

Sincerely,

Armando Zambrano
