

# FIFTH GRADE BOOK LIST

We hope you enjoy our staff suggestions for your fifth grade student! Our grade level book lists include a range of genres, formats, and subjects to ensure your child can find their next favorite read. Explore a mix of new releases and favorite children's classics.

While our staff takes many factors into consideration, we recognize every reader is different and may learn at a different pace. If the books in this list aren't quite right for your reader, we encourage you to take a look at our other grade level book lists. Our library staff members are also available to make recommendations!

We are here to help your child develop a lifelong love of reading so they can be successful in school and beyond.
