

PRESCHOOL BOOK LIST

We hope you enjoy our staff suggestions for you and your preschooler to read together!

Our grade level book lists include a range of genres, formats, and subjects to ensure your child can find their next favorite read. Explore a mix of new releases and favorite children's classics.

While our staff takes many factors into consideration, we recognize every reader is different and may learn at a different pace. The books in this list are for you to share with your preschooler to encourage them to sing, play, write, dance, and talk. Our library staff members are also available to make recommendations!

We are here to help your child develop a lifelong love of reading so they can be successful in school and beyond.
